TIP-TOP CLOVERS

Shultz "Tip Top" and "Lucky Strike" brands of Clover, Alfalfa, Timothy, Red Top, etc., muster and pass all State Seed Laws. Indeed, far surpass the State's requirements as to purity. We have a lower grade marked "Choice" which has not been so well cleaned containing at times pigeon grass or other grasses or clover, and some blighted seed—but of great value for the price.

MEDIUM RED CLOVER					NORTHERN GROWN ALFALFA						
Bags Free.	Purity	Peck	Bu.	Sow per 100 lb. Acre	The only unqualified guarantee of a strong, healthy, luxuriant catch of alfalfa that will survive the rigors of extreme heat and excessive cold is obtained from Northern Grown Alfalfa Seed. It and it alone has the ability to overcome all adverse conditions and climatic severities.

SHULTZ SEED CO. OLNEY, ILLINOIS

TIP-TOP GRASSES

The inevitable reward of quality is success. Success to the grower, success to ourselves. For fifty-two years Quality has been the "essence" of Shultz's Seeds. We appreciate that quality is the only safeguard of every sale. Quality alone assures greatest returns, largest rewards, most satisfaction. When you buy Shultz's Grass Seed you have positive assurance that the seed is the best money can buy.

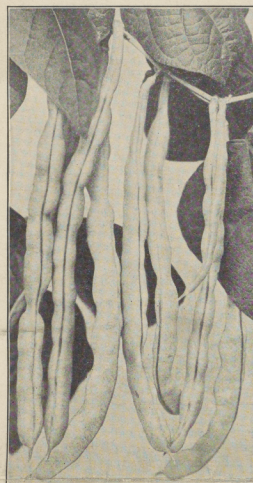

TIMOTHY					MEADOW FESCUE				
In this country Timothy is the king of all grasses. It is the most important of all hay grasses and is adapted to a wider range of conditions than any other variety. It certainly is the hardiest; no other kind will stand the extremes of heat and cold; no other variety excels it in average yields or feeding value. Our seed stocks are magnificent, pure, plump, full of vigor, of high germination and fully matured.					English Blue Grass-----
